MEDICAL SERVICES PLAN OF B.C.

M.S.P. provides partial coverage *only for persons on premium assistance*. Please consult this office for details. Fees related to x-ray examinations, insurance reports, and requested letters not insured otherwise are the patient's responsibility.

EXTENDED HEALTH PLAN BENEFITS

Patients may receive reimbursement of office fees. Extended health benefit information is available from your employer. This office will help with the completion of required forms and provide receipts that should be sent to your extended health benefits provider. *Your employer determines limits and conditions for reimbursement.*

WorkSafeBC

Chiropractic office visit fees, reports and x-rays are paid by WorkSafeBC for work related injuries. Workers are also covered for wage loss benefits while under the care of their family chiropractor. Injured persons should consult their doctor of chiropractic immediately following injury. *No referral is required.*

ICBC

Coverage is provided for office visits and x-rays for injuries resulting from motor vehicle accidents. *No referral is required.* Please speak with your family chiropractor regarding office fees and related procedures. Your chiropractor will provide, upon request, a medical legal report *and attend court when requested by your or ICBC's lawyer*. Injured persons should consult their doctor of chiropractic as soon as possible following their car crash.
