Local chiropractors contribute \$25,000 to Your Health. Your Hospital campaign

Members of the Ridge Meadows Chiropractic Society are challenging other health care professionals in Maple Ridge and Pitt Meadows to meet or exceed their commitment to fund the new Greg Moore Emergency and Ambulatory Care Centre at RMH. They have joined forces to raise \$25,000 for the project.

Virtually all the chiropractors of Maple Ridge/Pitt Meadows have participated and they have been very pleased to contribute to this campaign. The chiropractors hope to set an example for other groups to join together for the same purpose. They have found this a very manageable commitment by each of them making a monthly donation over a five-year pledge period.

“This is “Your Health. Your Hospital” - everyone in Maple Ridge and Pitt Meadows needs to understand the importance of the hospital expansion and participate in the growth of our communities” said Jim Maroney, local accountant and co-chair of the Major Gifts Division of the campaign. As well as contributing personally to this project, Maroney has championed the cause speaking to others and encouraging them to participate.

The campaign will continue for the next several months. Donors have found that making their pledges over a five-year period helps them make their total gift as large as possible. To date, over \$2 million has been raised. Groundbreaking is anticipated for late in the spring or early summer with completion expected in 2006.
