

Discipline findings for **Dr. Peter Titchener**:

July 6, 2010

Following a determination by the Registrar for the *Criminal Records Review Act* that Dr. Peter Titchener poses a risk to children, the Inquiry Committee decided under section 33(2) of the *Health Professions Act* to revise the conditions applying to Dr. Titchener's practice, with the result that Dr. Titchener now must not engage in the assessment, consultation, examination or treatment of (1) any female patient or (2) any male patient under the age of 19, unless a chaperone aged 19 years or older is present throughout.
